

Bioenergy in Romania – RoEnergy Bucharest 2014 Trade Fair, IV-th edition

Bioenergy (biogas, biomass, cogeneration) in farms and factories, between realities and possibilities

13 th June 2014, ROMAERO hall, Baneasa, Ficusului Avenue, 44, Bucharest, Romania

09.30 Receiving and registration of the participants

Session I

10.00 TLUD – Biomass micro-gasification thermo chemical method - an alternative to produce energy for the agriculture, Prof. Erol MURAD, Polytechnic University of Bucharest

10.20 Ilias Papageorgiadis, President, Romanian Association of Biomass and Biogas (ARBIO)

10.40 Energy recovery from MSW and RDF with a well proven technology, Dr. Michael Keunecke Senior Sales Manager, Hitachi Zosen Inova AG

11.00 Biogas from biodegradable waste, Constantin Geangu, SC CGeangu Consulting

11.20 Questions and Answers

11.40 Coffee Break & Networking

Session II

11.50 Elsaco Energy, Doru Popa, Director Elsaco

12.10 Innovative technologies for clean and efficient combustion of biomass - Application in the sustainable development of rural and urban communities, Iulian Hornet, SC Eco Hornet

12.20 High performance equipments for the biomass conversion in heat and power energy, Iulian Hornet, SC Eco Hornet

12. 40 MINISTRY OF AGRICULTURE AND RURAL DEVELOPMENT

13.10 CHAB – Synergistic superior concept of biomass recovering, Prof.Erol MURAD, Polytechnic University of Bucharest

13. 20 Questions and Answers

13.30 Coffee Break & Networking & Visiting the Exhibitors

Session III

14.10 Microbial hydrolytic enzymes used in obtaining bioethanol, Mariana FERDES, Edmond MAICAN, Polytechnic University of Bucharest

14.20 Solutions for high efficiency cogeneration, Alexandru Vartanian, Project Manager B-Team

14.40 ENEAS, Victor Racolta

15.00 Spiral expander group – generator, Dr. Eng. Nicolae Toma, INCD Turbomotoare COMOTI

15.20 Questions and Answers

15.30 Coffee Break & Networking

Session IV

15.40 The use of biogas for the hydrogen production, Edmond MAICAN, Polytechnic University of Bucharest

16.10 2nd generation of biofuels , Boris S.GAIVORONSKI, Adrian POP, Bioteperna Sistem SRL

16.40 Ecotec

17.00 ASFOR

17.20 Questions and Answers

Moderators: Erol Murad, Professor Polytechnic University of Bucharest, Ilias Papageorgiadis, President, Romanian Association of Biomass and Biogas (ARBIO)

Language: Romanian / English

Date: 13.06.2014

Target group: farmers (producers, animal husbandry), wood industry, facility management, economic units of production, agro-food industry, local councils, mayors, energy producers, RES developers, investors, financiers, consultants, EPC, experts, researchers, academic, public authorities, political environment, media.

Note: Organizers will not be held responsible for certain changes in the Conferences Programs regarding the speakers, hours and presentations, of unforeseen circumstances or force majeure. Registration is according to availability seats. Personal data is collected and administered according to Law. (R.E.S. Group is personal data operator under number 17252).

Conference Registrations and further details on: press@roenergy.eu
